

Pioneering Care Partnership Environmental Policy

The Pioneering Care Partnership (PCP) is a charity committed to the improvement of people's health, wellbeing and quality of life. PCP recognises that our activities, products, and services have the potential to adversely impact on the environment.

PCP runs the following services and activities within the centre:

- Health and wellbeing activities including a hydrotherapy pool and complementary therapies
- Information, advice and guidance (IAG) centre
- Employability support
- Disability projects and activities
- Community courses and adult learning opportunities
- Lifestyle, exercise classes and activities
- Conference, meeting, room hire facilities and hospitality services
- A community café
- A community garden and allotments
- Volunteering opportunities

PCP regards environmental performance as an integral part of our business and as such we are committed to maintaining the highest possible environmental standards in every aspect of our operations, in order to reduce our impact on earth's natural systems. We currently have an Environmental Management System and we are working towards an Environmental Quality Standard ISO 14001.

We have a commitment to:

- Continually improve our environmental performance through the establishment of an environmental objectives and targets programme;
- Comply with all relevant environmental legislative and regulatory requirements and other applicable codes of practice;

Pioneering Care Partnership Environmental Policy

- Prevent pollution as a result of our operations by identifying significant environmental aspects and implementing control measures accordingly;
- Provide information to service users that will assist them to reduce their environmental impact;
- Encourage our suppliers and tenants to adopt our environmental philosophies and practices where practicable;
- Reduce our reliance on finite resources through the adoption of renewable technologies;
- Investigate our waste streams and adopt the principles of Reduce, Reuse, and Recycle in order to divert waste from landfill;
- Monitor and measure our significant environmental aspects;
- Identify and deliver environmental training for our staff in relation to job roles;
- Involve people from across our organisation to ensure that continual improvement of environmental performance is achieved;

This policy has the full support of the Board and the Chief Executive. The organisations Environmental Management Representative has the responsibility for the implementation of this environmental policy. This policy is communicated to all persons working for and on behalf of Pioneering Care Partnership and is available by request to all interested parties.

This policy will also be annually reviewed in line with the Management Team Activity Cycle and revisions made as and when necessary in light of any legislative or organisational changes.

Signed: 

Jane Hartley
Chief Executive

Review Date: November 2012
