

Volunteer with the Community Research Team

- To gather the views of individuals to support research teams. The team currently has three areas of research:
 - Befriending and Peer Support for Mental Health.
 - Impact of COVID of individuals.
 - Learning Disability and Autism transition service support.

➤ How will helping the research team help me?

- Be involved in making a difference.
- Be part of a friendly team.
- Meet new people.
- Increase your confidence.
- Gain new skills.
- Gain work experience.

➤ Skills needed:

- Attend events and focus groups to hand out information and start up conversations with members of the public about research topics.
- Gather and record people's views and feedback i.e. survey or record conversations via notes.
- Provide local knowledge to support the research team activities in your home area.

Personal Qualities

- A friendly and approachable manner.
- Confidence in starting up conversations.
- The ability to be a good listener.
- The ability to be non-judgemental.
- Willingness to learn and to consult staff members to seek advice.
- Ability to work as part of a team with staff and other volunteers or to work independently and alone.

Approved out-of-pocket and travel expenses will be reimbursed
