

Welcome to the Pioneering Care Partnership (PCP)

Welcome from PCP's Chief Executive

Firstly, let me thank you for your interest in the Pioneering Care Partnership and for considering a career with us.

PCP is a well-respected award-winning health and wellbeing charity with a history spanning over 25 years. Working across the North East of England we deliver a vast array of projects and services, and therefore have a range of opportunities for people to join the organisation. From administration to management, and project officers to research and development, we're always seeking the very best people to support what we do.

People are at the heart of everything PCP does; we exist to support people and communities to thrive and develop. Our mission is **'Health, Wellbeing and Learning for All'** – and we want the same for our dedicated staff team. As you read through this recruitment pack, I hope you begin to get a flavour of the way in which we help people and what it might be like to work as part of the organisation. I always think the best people to describe what it is like to work here are the current staff team, so here are a few quotes:

- “The best thing about working for PCP is the support staff get and the culture of everyone looks out for each other and supports each other.”
- “I like the flexibility and autonomy that I have in my role – being able to adapt what I do to suit the needs of the people I support.”
- “For me, the best thing about working at PCP is the genuine care towards staff wellbeing. From wellbeing time to staff activities, training and flexible working, not only does PCP encourage wellbeing it actually delivers.”
- “I love the fact that I am appreciated for doing my job well and feel that I am making a difference to other people's lives.”
- “I can honestly say I have never worked for an organisation where the senior leadership team are so visible and approachable.”

I encourage you to spend a bit of time looking at our website to see the range of programmes and activities we deliver. As a charity, we are governed by a voluntary board of trustees and we have a skilled and experienced management team tasked with supporting the overall governance and leadership of the organisation. If you want to learn a little more about us short biographies are available on our website.

Good luck with your application.

Best wishes

Carol Gaskarth

Background

PCP was established in 1998 after a group of local people saw a need to bring health and care services together under one roof. They recognised those accessing services were required to travel across County Durham and service delivery was not joined up. A steering group formed and shortly afterwards charity status was granted.

Through their tenancy and skills, and in conjunction with partners at the local authority and in health, land in Newton Aycliffe was identified and funding secured. The vision of the Pioneering Care Centre became a reality in 1999 with a turf cutting ceremony. Later that year the charity took over management, the first tenants moved in, and we started our first project, 'Options' supporting adults with learning and physical disabilities to improve their independence.

In 2002 PCP began its journey to take services into communities and the outreach delivery quickly grew. Over the years numerous successful projects have been delivered in partnership including Passport to Health, the Expert Patient Programme, Older People Roadshows, Steps to Health, Positive Steps and Health Trainer services. Many of these projects were the catalyst for the current projects we deliver including Adult Wellbeing Services and Community Connect. In addition to outreach development the Centre continued to thrive, and we were running out of space. In 2010 an extension was built which increased the footprint of the building by over a third.

The focus remained on County Durham until around 2012 when PCP successfully tendered to oversee a number of local Healthwatch contracts across the North East. To this date we continue to support Healthwatch in Sunderland, Middlesbrough, Redcar and Cleveland and Stockton-on-Tees. PCP has also grown the range of projects and services and now also delivers workplace health, cancer awareness, befriending and resilience building projects.

PCP is 'Pioneering' - we don't stand still, and continue to work successfully with people across the North East towards our mission and aim.
